PART II

STATEMENT

Place: NEXT, INC.

10 Aug 88 8:30 am

(Date and Time)

I, Steven P. Jobs, do hereby make the following voluntary statement to (b)(6), (b)(7)(C) who has identified himself/herself to me as a Special Agent of the Defense Investigative Service. I make this statement without any threats having been made against me or any promises extended to me.

Regarding my usage of drugs I have used LSD, marijuana, and Hashish. I used LSD from approximately 1972 to 1974. Throughout that period of time I used the LSD approximately ten to fifteen times. I would ingest the LSD on a sugar cube or in a hard form of gelatin. I would usually take the LSD when I was by myself. I have no words to explain the effect the LSD had on me, although, I can say it was a positive life changing experience for me and I am glad I went through that experience. The last time I used LSD was in 1974.

This was the reason I used LSD. M

During the years from approximately 1973 to 1977 I smoked marijuana once to twice weekly and smoked hashish approximately five times. I would smoke the marijuana and hashish in cigarette form and I would be with friends at the time of using the drug. I have also ingested marijuana cooked in brownies. The best way I could describe the effect of the marijuana and the hashish is that it would make me relaxed and creative. The last time I used either marijuana or hashish was in 1977.

I have never used any other illegal drug nor have I misused prescription drugs.

I have never been arrested any of my past drug usage. I also have never had any treatment or counseling for my past usage of drugs. I have bought on several occasions an ounce of marijuana at approximately \$10.00 to \$20.00 This was during the period from 1973 to 1977. I have never been involved in selling, trafficking or manufacturing any illegal drug or narcotic. I have no future intentions of using any illegal drug.

In approximately 1975, while being questioned by police behind a store in Eugene, Oregon for being a minor with possible possession of alcohol, I was arrested for an outstanding warrant for not paying a prior speeding ticket. I did not have any alcohol, therefore was not arrested for that reason. I satisfied the warrant by paying off the fine of approximately \$50.00. I did not report this on my Personnel Security Questionnaire (PSQ) because I did not feel it was an actual arrest, it was only for not paying my speeding ticket which I eventually paid. I had no intentions of falsifying my PSQ for not listing this incident and did not think of the above incident at the time of answering the PSQ.

I admit in engaging in criminal activity when I discovered one could make long distance phone calls on an electronic device for free. This device was named a "Blue Box." The challenge was not that I could make long distance phone calls for free, but to be able to put a device together that could accomplish that task. I did not make a profit from what I considered this to really be a "project." At the age of approximately fourteen, it was a technical challenge, not a challenge to be able to break the law.

Other than the two incidents I have stated above I have had no other arrests and I have never engaged in any other criminal activity which would have been undetected. I was never arrested for my involvement for making the Blue Box, or for making the phone calls on the Blue Box.

I admit that in the past I have become angry, or have lost my temper when things are not going right. I feel that this type of behavior happened when I was in my early twenties. I feel that I have much better control of these emotions at the present time. I have also gone through highs and lows in my life, and have felt depressed at times. Although I have gone through these periods in my life I feel I am an emotional and mentally stable person. I have never received any medical treatment or counseling for any mental disorder. I did attend a course for approximately two months at the Oregon Feeling Center, in Oregon. The course was titled "Primal Scream." This course primarily dealt with getting in touch with your feelings and understanding your feelings. I did not take this course for psychiatric therapy. I took the course to search and understand my feelings and emotions.

Regarding the possibility of being susceptible to blackmail or coercion I would like to state the following. I have a daughter who was born out of wedlock. Her name is (b)(6), (b)(7) and she was born on (b)(6), (b)(7). Her mother is (b)(6), (b)(7). I feel the type of blackmail or threat that could be made against me would be if someone threaten to kidnap (b)(6), (b)(7). I also feel the threat would be primarily for the purpose of money, not because I may have access to classified TOP SECRET material or documents. But if I do receive my clearance there can be a possibility of blackmail, and I do acknowledge this fact.

STATEMENT CONTINUATION SHEET

If I was ever threatened or blackmailed for espionage purposes I would immediately contact and report the incident to the Federal Bureau of Investigations (FBI).

21
S/A (b)(6),(b)(7)(C) helped prepare this statement and I have made all deletions, corrections, and additions.

I further state that I have read this entire statement, consisting of 3 pages, initialed all pages and corrections, and that it is correct and true as written. *21*
